DETAILED ACTION

This application is in condition for allowance except for the following formal matters.

Oath/Declaration

The new oath submitted 5/31/05 in response to the prior Office action is defective. The original oath filed 8/11/99 claims foreign priority benefit to PCT/US97/03332 (published as WO 97/30975) and PCT/US97/12722 (published as WO 98/50582) under 35 USC 119(a)-(d). The newly submitted oath claims foreign priority benefit to these two PCT applications under 35 USC 120. However, these two PCT applications did not designate the United States and as such the priority claim under 35 USC 120 is improper.

Applicant is further advised that a claim for foreign priority requires submission of a certified copy of the PCT application under 35 U.S.C. 119(b). No certified copies of these PCT applications appear to be present in the application.

Drawings

Applicant is advised that the description of the drawings beginning at page 8 of the specification does not describe the subparts of Figures 7, 10, and 11. Applicant is requested to amend the specification description of the drawings to be consistent with the numbering of Figures 7A-B, 10A-B, and 11A-B.

Conclusion

Prosecution on the merits remains closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
